Notice Boards

The New Ash Green Village Association has added three new internal notice boards to the entrance foyer of the Village Hall and has also ordered an external notice board.

The purpose of these is to provide space for New Ash Green societies to advertise and promote their activities.

Apart from the use to societies themselves this will assist in tidying the entrance foyer to the Village Hall and is part of a recent drive to improve the appearance of the entrance.

The external notice board will be in place by the end of April and once in use there will be a complete ban on notices stuck on windows and entrance doors.

Currently the notice boards are arranged with spaces for Nagara, Bowls, Fencing, Dance, Film Society, Music, Drama, Keep Fit, Scouts, Village Hall.
